1. I do not have any conflicts of interest that might cause me to sell out absent class members. Further, I am committed to vigorously pursuing this case on behalf of myself and the proposed classes. I understand that means I may need to sit for my deposition, produce documents, respond to interrogatories, and appear at trial. I am prepared to do all of those things.

Executed on this   #8   day of April, 2021, at   Medford  ,   Oregon  .
